

## Description

The RCC-1055 combines performance and convenience in a familiar 5 CD carousel platform. Utilizing an oversized EI core transformer with high grade filter capacitors the RCC-1055 power supply provides smooth, ripple free voltage and current to all critical electronics. RCC-1055 incorporates HDCD decoding and also includes premium grade DAC's with a high current analog output stage to ensure faithful reproduction of all your favorite CD's and CDR's. The RCC-1055 adds a 12 volt trigger, an IR repeater and a full function remote control for total convenience.
